

What we are here to do

When we think about what kind of difference we want to make, this is defined by our three core drivers of Outcomes, Values and Choices. These are at the heart of our daily actions and interactions. Our aim is simple; by rigorously instilling our values, students achieve positive outcomes enabling them to make considered life choices which open doors to the opportunities they deserve.

Outcomes

We educate our students to understand that 'outcomes' means academic attainment and progress, development of values and character and progression to their preferred destinations. We support our students to achieve academic qualifications that empower them to seize opportunities and advance to the next stage of their chosen educational journey. We empower our students to have the knowledge, skills, personal traits and experiences in order to seize career and life opportunities.

Values

We are ready, respectful and responsible.

We are honest. We do what we say we'll do and do not make excuses.

We are a team. Helping a member of our team is helping ourselves

Choices

We develop our students to have the strength of character and courage to do the right thing because it is the right thing to do. Our values support our students to make the life choices that will have a positive impact on their future and contribution to society. Being outcome focused and values driven, students take responsibility for their learning and actions which opens doors for them to have a breadth of choices when they leave school.
