Labour Market Information Black Country

Parent & student guide

What is LMI?

Labour Market Information (LMI) is a useful tool to help research future jobs in the local area, understand the skills needed for certain roles and the demand for future employment. LMI helps to break down the complex 'world of work' – ranging from descriptions of different careers, their entry routes, promotional prospects, salaries paid, skills and qualifications needed, etc. Crucially for young people, LMI also covers future demand – what kinds of jobs will be in demand after leaving school and what kinds of skills will be needed.

Why is LMI important to Young People?

The world of working is changing rapidly. New technology and industry changes create some new jobs and also make others obsolete. Alongside the ongoing Covid-19 pandemic changing the way jobs are carried out and having a huge impact on the job market, it can be hard to keep up. It is important that young people are given the tools and information to aid their decisions about future careers and LMI is a key part of this.

How can LMI help young people decide what to do next?

Having up to date, high quality information can help students decide things about their future such as:

- Are there opportunities close to where I live in the sector I am interested in or will I need to relocate?
- How competitive is the industry I am interested in?
- Are there enough jobs and do I need to have a back-up plan?
- Does the pay for the job I want align to what I would like to earn?
- What is the best route for me to take to get to the job I would like?
- Is the industry I would like to work in growing or shrinking?

We hope you find the information in this guide useful. For further information and detailed LMI please follow the below links:

www.prospects.ac.uk

A career website aimed at recent graduates.

www.lmiforall.org.uk

A comprehensive portal which collates LMI.

www.icould.com

A website aimed at young people, using personal stories to inform career choices and each video is linked to relevant LMI.

www.nationalcareers.service.gov.uk/explore-careers

Shows a variety of career profiles, under each there is information about salaries, working hours and typical duties.
