1. Introduction

• This plan is drawn up in accordance with the planning duty in the Equality Act 2010, the SEN and Disability Act 2001 (SENDA), SEND Code of Practice 0-25 years, 2015 and Children and Families Act 2014, part 3.

1.2 **Definition of Disability**

Disability is defined by the Equality Act 2010 as:

- "A person (P) has a disability if—
- (a) P has a physical or mental impairment, and
- (b) the impairment has a substantial and long-term adverse effect on P's ability to carry out normal day-to-day activities."

2. Aims

- To reduce and eliminate barriers for students, prospective pupils and adult users with a disability to access support to the curriculum and full participation in the school community.
- Compliance with the Equality Act 2010 is consistent with the academy aims and equal opportunities policy, and the operation of the school's SEND policy;
- The academy recognises its duty under the Equality Act (as amended by the SENDA):
 - not to discriminate against disabled pupils in its admissions, exclusions, and provision of education and associated services
 - not to treat disabled pupils less favourably
 - to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
 - to publish an Accessibility Plan.
- The academy recognises and values parents' knowledge of their child's disability and its effect on their child's ability to carry out everyday activities, and respects the parents' and child's right to confidentiality.
- The academy provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles.
 - setting suitable learning challenges
 - responding to pupils' diverse learning needs
 - Over-coming potential barriers to learning and assessment for individual and groups of pupils.

3. Roles & Responsibilities

3.1 It is the responsibility of the Director of SEND to ensure the following points for action are carried out in order to achieve the key objective:

3.2 Delivery of the Curriculum

Academy staff receive training in making the curriculum accessible to all pupils, and are aware of its importance.

3.3 The academy will continue to seek and follow the advice of LA services, such as specialist teacher advisers and SEND inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.

3.4 Physical Environment

The academy will take account of the needs of pupils and other users with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

In particular:

- Provide desks with an adjustable height adaptation to suit wheel chair users. This would enable a person seated in a wheelchair to position themselves comfortably with other students
- In the dining area consideration should be given to provide some tables without fixed seating. This would ensure that the seating is suitable for all, in particular for people with restricted mobility
- Incorporation of appropriate colour schemes when refurbishing to benefit pupils with visual impairments
- The taps in various toilets are rounded and require a twisting action. All disabled toilets
 have had installed leaver taps which would help a person with poor grip to better use
 facilities.
- Access to lift and ramps to help physically impaired students.

3.5 Provision of information in other formats

The academy is aware of local services, including those provided through the LEA, for providing information in alternative formats when required or requested.

4. Linked Policies

- 4.1 This Plan will contribute to the review and revision of related academy policies, e.g.

- 4.2 The plan is also available in the following formats, on request to the Principal: email; enlarged print version; other formats by arrangement.
