

# BTEC Tech Award in Health & Social Care

This qualification is designed to inspire and enthuse learners to consider a career in the health and social care sector, or in a related sector where knowledge of health and social care will be of use, such as early years. The course intends to give learners the opportunity to gain a broad understanding and knowledge of, and skills in, the health and social care sectors.

This course will help develop skills for further study or an apprenticeship in this area. You learn how to become independent and work with others, communication and organisational skills are also developed.

This course will be useful to anyone seeking to go into the following careers:

- Nursing
- Midwifery
- Physiotherapy
- Medicine
- Paramedic science
- Early Years
